Foreword

The Senior Class feels indebted to Haverling and hopes that this "Haverlinguist" will in some way repay her.

We present our year book in three sections . . .

ACTIVITIES

The assignments we did . . . . and a few we didn't . . . . what we learned in lab . .

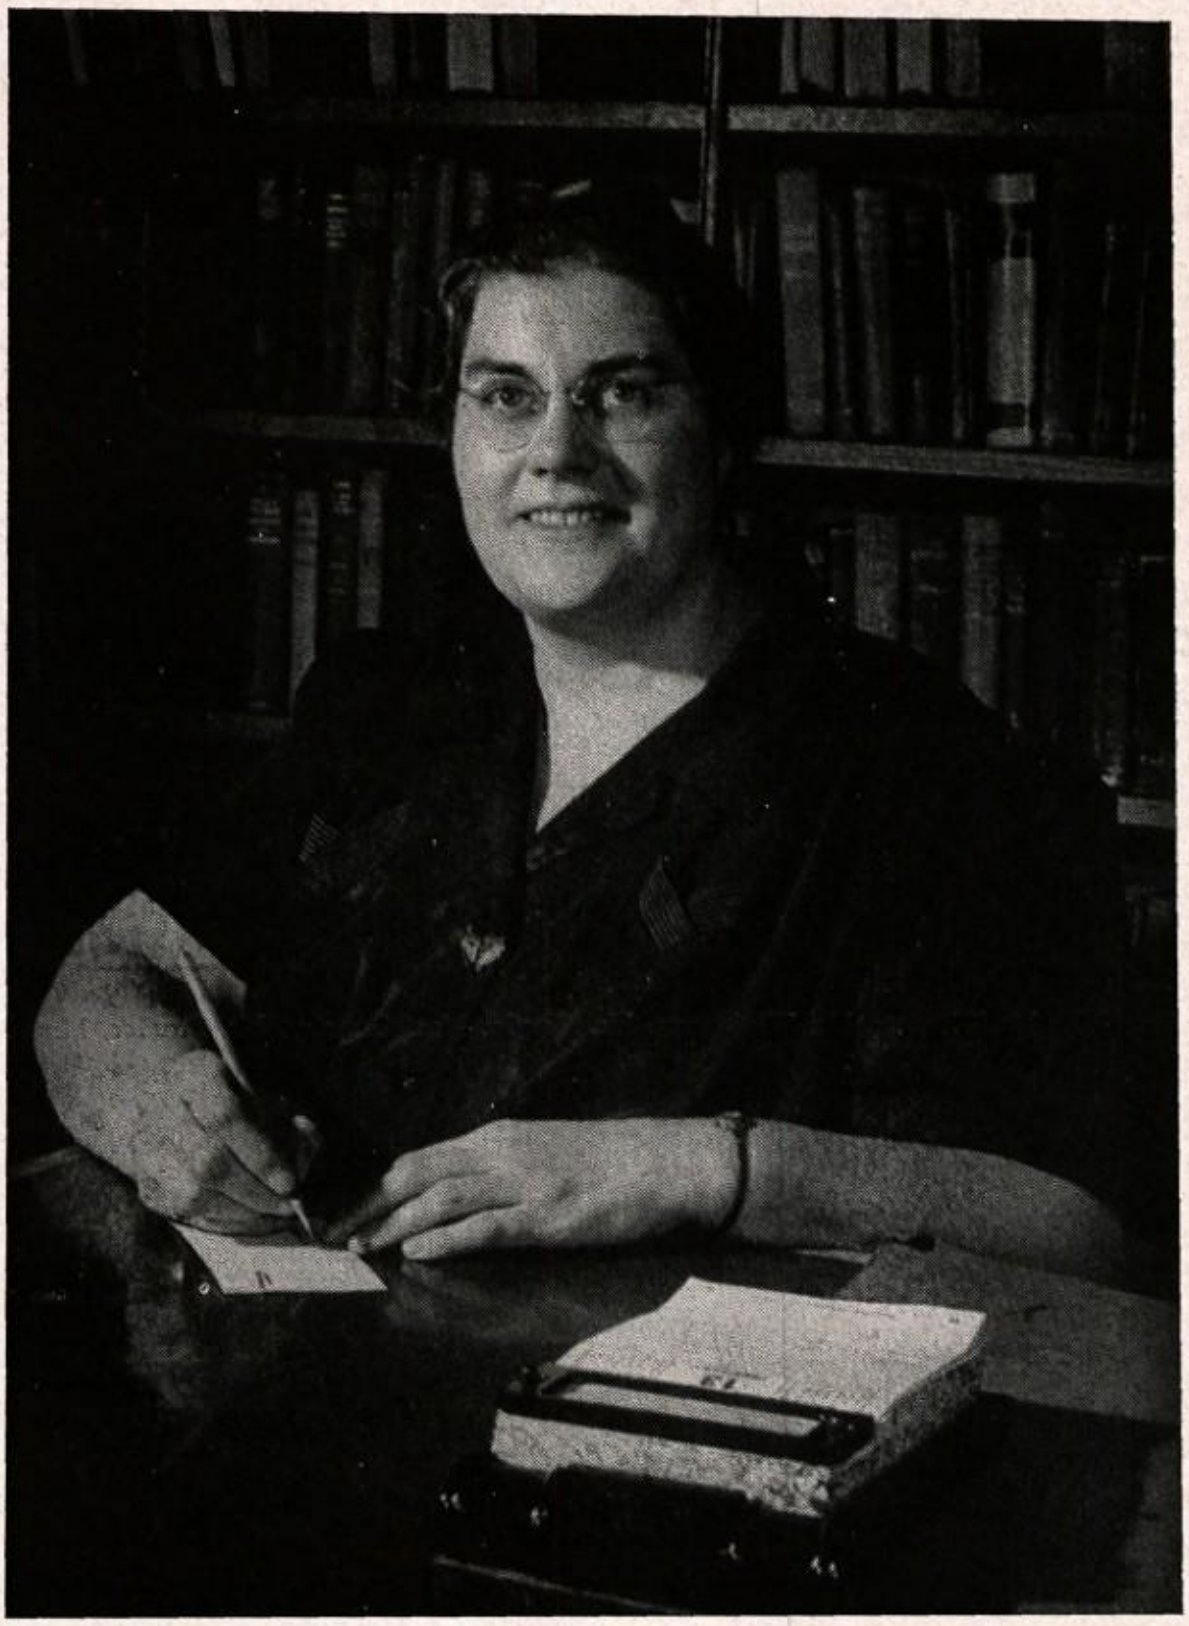
CLASSES

These 3:30 meetings . . . . that full bulletin board . . . . the evenings at the Home Ec house . . . . the lovely dances for loving couples . . . .

ATHLETICS

The bruised boys returning from the football field . . . . the basketball fans with ruined voices . . . . the games we didn't win . . . . visions of next year's championship teams.

Dedication



Of all those who have freely aided the Class of 1947 through high school there is one who stands out.

She has struggled to give us a better command of English. At any time a helping hand is ready for those seeking her advice or aid. She has been our very capable advisor this year, guiding us through many storms. She directed our successful senior play. Anything done by her is done with a feeling of pleasure, not of duty.

In humble gratitude to a charming lady the Senior Class wishes to dedicate this book to Miss Erma P. Wethey.

BOARD OF EDUCATION

Mr. Hille, Mr. Cheney, Mr. Wightman, Mr. Castle, Mrs. Ormsby, Mr. Frazier, Mrs. Platt, Mr. Ward

The Senior Class of 1947 wishes to thank the Board of Education for everything that they have done for us throughout our school year.

The Board of Education receives little of their deserved credit. They, as spokesmen for the people of Bath, hire teachers, care for the maintenance of the school, and plan school policies. Their job is a large one and an essential one.

In the years to come, we hope that we can prove worthy of the work done by the Board of Education for our benefit.

Administration

MR. WIGHTMAN

Superintendent

Now, at the close of our trying but enjoyable years at Haverling, we of the Senior Class wish to express our appreciation to Mr. Wightman who has been such a marvelous superintendent. We realize that Mr. Wightman has tried his utmost to make our life at Haverling as interesting as possible.

MR. NADEAU

Principal Senior High School

To you, Mr. Nadeau, we extend our deepest appreciation for a well-administered high school program. In addition to this your understanding of our many, sometimes queer, problems has meant a great deal to us. In the future we hope that you can feel that your time with us was not wasted.

MR. LYON

Principal Junior High School

Those in the Junior High School can feel lucky to have Mr. Lyon as Principal.

Aside from his duties as Principal, Mr. Lyon teaches seventh and eighth grade Social Studies and coaches varsity baseball. Mr. Lyon is indeed an important part of our school life.

CLASS PROPHECY

Monday—June 30, 1967

Dear Diary:

I arrived in Bath at 6 o'clock this morning. After twenty years it seemed good to get back to the old home town. I visited good old Haverling as soon as I could. Boy, there are quite a few changes around the place.

Bobby MacDougal has taken Mr. Rock's place and doing a good job, too.

I visited the library and Miss Stevens was no more; instead, Betty Gunderman was putting away some of Louis Hattman's famous books on "How to Make Saturday Night Dates".

Jean Carey has charge of all the little children now in Haverling. She's doing her best to teach them to tie their shoe strings so they won't fall down those new fangled stairs Clay Harder, the brain, has designed.

Don French is the new physical education teacher. He's trying his best to teach the Brundage boys how to make baskets, and all these years I thought Pat was going to be a library teacher. Don also tells me he's having a hard time teaching the Palmer boy how to play real football and I did so expect to hear Charlotte Miller was in the Metropolitan Opera.

Helen Townsend is the new home economics teacher and she's doing mighty fine work running the cafeteria. Norma Robbins makes up the menus for her every day and it seems Warren Wright is supplying the school with milk from the Ketch brothers farm managed by Dick Jones. Sylvester Cranmer is their right hand man on the farm. He comes down with Mouse to deliver milk but I think it is only to see the new art teacher, Betty Mann.

Ed Geckle has taken over the music department, (and I thought "Prof" would never leave) Sylvia Wightman has taken over the choir and she and Ed work well together on their music nights.

Clara Parulski is trying her best to get the kids through those foreign subjects. She took Miss Clapp's place.

Genevieve Udzinski is the new school nurse. She tells me Iras Hague is running a horse ranch out West and that George Hall is her business manager. Of course George took Mariellen Meehan to be his secretary. She's having fun keeping all his business affairs straightened out.

While waiting to see Laura Austin, the dean of girls, I picked up a newspaper edited by Dick Brink and read that Barb Klippel was succeeding in her occupational therapy—(helping the disabled, that is). Also I read that Miss Ervilla Andrews' chauffeur, Art Moran, was talking to Miss Andrews and failed to see Ed Fort rush out in front of him with Ed's new 1967 air and ground car built by Raymond Jones. Albert Earl, the new police captain, came to the rescue and saw that Miss Andrews' car was fixed at one of Jim Gay's many garages. Another article caught my eye: "In the missionary school, Miss Margery Brush has succeeded in teaching Russell Kemple, George Fox, and John Kulikowski that the pool room is for bad boys—and after all these years".

Miss Austin finally talked to me. She told me that there was a new hospital in town run by Marjorie Harper and several head nurses, namely Jean Bates, who's caring for a Marine victim, Dick Polmanteer, and Mary Whitford who's caring for a radio engineering man, Dick Miner. Robert Woodbury handles all the business of the hospital and that keeps his secretary Marcella Brownell pretty busy. Russell Temple is the new doctor of optical science and his secretaries, Theda Odell and Norma Stewart, can always be seen at Virginia Roholla's beauty partor so must be Russell doesn't work them too hard.

Miss Austin also tells me that Barbara Bates and Betty Draper are happy being married and that Ruth Howe even has several little Ruth's running around the house trying to learn how to twirl the baton in the easiest way.

Well—it has been quite a day so I'll say good night, Diary, and dream of all the things that should have been.

Dolores Dickson

CLASS WILL

We, the Class of 1947, still under the effects of last night's studying and still taking shots of coke between lines do hereby declare the following to be our Last Will and Testament.

1. To the Class of 1948, we leave all the honors, dignities, and activities of being Seniors, our detention slips, and the slightly used wads of gum on the desks of Senior Study Hall.
2. To the Faculty of Haverling we leave our most sincere thanks for helping us stumble through school, and we hope some day to make you feel as if your aid were not in vain.
3. To Miss Wethey we leave a gross of aspirin and 100 shots of sedatives with which she can put on the Senior Play.
4. To "Prof" Oldfield we leave a brand new Steinway piano to lure the school into assemblies.
5. To Mr. Wilson we leave a large 16 pound maul with a gold handle with which he can keep order in Senior Study Hall.
6. To Ann Harder we leave Russell Temple's aspirin and headaches and all that is connected with formation and publication of the HAVERLINGUIST.
7. To Dick Warner and his 1947 Ramblers, we leave a reminder of the defeats we suffered this year. Need we say more?
8. To Dick Cheney we leave all of Jim Gay's cracked reeds and squeaky notes.
9. To "Pete" Dixon we leave Ruth Howe's seat in the typing room.
10. To a good share of the Junior girls we leave Jean Carey's secret formula for getting tall quickly.
11. To Elizabeth Paddock we leave Sylvia Wightman's trumpet ability so that she may carry on in Band.
12. To all the Junior boys we leave Don French's speed, both on the track and with the members of the opposite sex from out of town.
13. To Jeanne Tierney we leave "Mouse" Wright's ability to tackle large problems and get them done in good order.
14. To Walt Ferris we leave "Sy" Cranmer's basketball ability and a bottle of reducing pills.
15. To "Hooker" McDonnell we leave "Lefty" Kemple's baseball ability.
16. To Keith Clark we leave Dick Jones' method of cracking opposing linesmen's heads.
17. To one of the lucky girls in High School we leave Betty Mann's captaincy on the cheerleading squad.
18. To the Drum Major or Majorette we leave Pat Blakley's whistle and baton.
19. To the President of the Senior Class of 1948 we leave Ed Gec le's loud voice and good humor.
20. Last of all we wish to thank Miss Stevens for her invaluable aid in the formation of this, our 1947 HAVERLINGUIST.

Any similarity between the heretofore mentioned Seniors and Juniors is absolutely intentional and, after looking them over, aieeeeeeeee!!!

CLASS HISTORY

In reviewing the classes of the past, the fact comes to mind that on every other year the class that enters High School, is very noticeably inferior. Now for example, in the year 1943, one of these poor, inferior classes entered our halls of fame OR MISERY.

The class which entered in 1943 (us), being of an unusually intelligent and studious nature were allowed to organize the second week in September, to the great joy of our principal and faculty. The faculty, however, upon the reception of the January papers, showed very little tact by making it be known that they expected us to settle down to our studies as if we meant business.

When Freshmen, we chose for our leaders James Gay, President; Patricia Blakley, Vice-President; Sylvia Wightman, Secretary; Russell Kemple, Treasurer; and Ervilla Andrews, Student Council Representative. We selected Miss Clapp and Mr. Marlatt as our very capable advisers. The high lights of the year were a Freshman Dance and a skating party.

As Sophomores we became more acclimated to High School activity. For our officers we elected the following: Patricia Blakley, President; Sylvia Wightman, Vice-President; Betty Mann, Secretary; Laura Austin, Treasurer; James Gay, Student Council Representative. Our advisers were Mrs. Kear and Mrs. Ravel. For our assembly we gave a Minstrel Show with music, dancing, jokes, and skits. We also enjoyed a dance, sleigh-ride, and picnic.

During our first year as upperclassmen we elected Clay Harder, President; Donald French, Vice-President; Laura Austin, Secretary; John Kulikowski, Student Council Representative; Sylvia Wightman, Student Council Alternate. Our advisers were Miss Criscuolo and Mr. Newhill. James Gay defeated Betty Mann as Vice-President of Student Council. The Junior Ball was held in January with Betty Mann and James Gay chosen as the queen and king. The Junior and Senior Banquet was another high point of our year.

Our Senior officers were: Edward Geckle, President; Dolores Dickson, Vice-President; Jean Bates, Secretary; Jean Carey, Treasurer; Russell Kemple, Student Council Representative; Richard Brink, Student Council Alternate. Our very capable advisers were Miss Wethey and Mr. Oldfield. Our Senior Play was "A Case of Springtime" with the leading parts played by Ervilla Andrews and Clay Harder and second leads by Jean Carey and Richard Miner. Our Senior Ball was held in February with very pretty Valentine decorations and a good orchestra. Jean Carey and Russell Temple were chosen as our queen and king. The Senior Class representative at the American Legion Speaking Contest was Betty Gunderman. In the Spring we entered the Willis Speaking Contest and presented original speeches. Other features of the Senior Year are the Junior and Senior Banquet, with the Juniors providing the program and our annual all-day picnic.

Four altogether too short years have passed and now we are preparing to leave Haverling as students for the last time. We are beginning to realize what happy years these have been. We sincerely hope that the future Seniors will have had as successful and pleasant school life as we have had.

We elected for our officers James Francis, President; Donald Clark, Vice President; Gerald Warner, Secretary; Freal Ames, Treasurer; Gerard Flanagan, Student Council Representative; Robert Morrell, Alternate Student Council Representative.

Our social life started with a "Sock Dance", something new and different added to Haverling's entertainments. The cutest dance of the year was decorated with paper socks pasted all over the walls of the gym. Two large socks announced the opposing teams who were to be present at the dance. Shoes and more shoes were lined up on the stairs.

Our first year in high school has proved that the next three years will be filled with fun and hard work. Our advisors, Miss Clapp and Miss Kruckel, have helped us in every way to make this an enjoyable year.

From the first day of school when you first walked into Senior Study Hall and saw some of the male population limping around, nursing sore muscles, you knew that the Pigskin Parade was starting. And if you happened to be leaving the school about ten minutes to four you could see a few of the boys, who didn't dress fast enough to ride up to the field in one of the puddle-jumpers, running to catch the last bus.

Although they always operated under the handicap of the lack of experienced players, the boys made a good showing for themselves.

But this isn't the end of the story! Coach Young is coming up with a bigger and better team next year, a team with plenty of experience. And here is a message to our opponents of next year. Haverling will be playing for blood. YOUR BLOOD! ! ! ! !

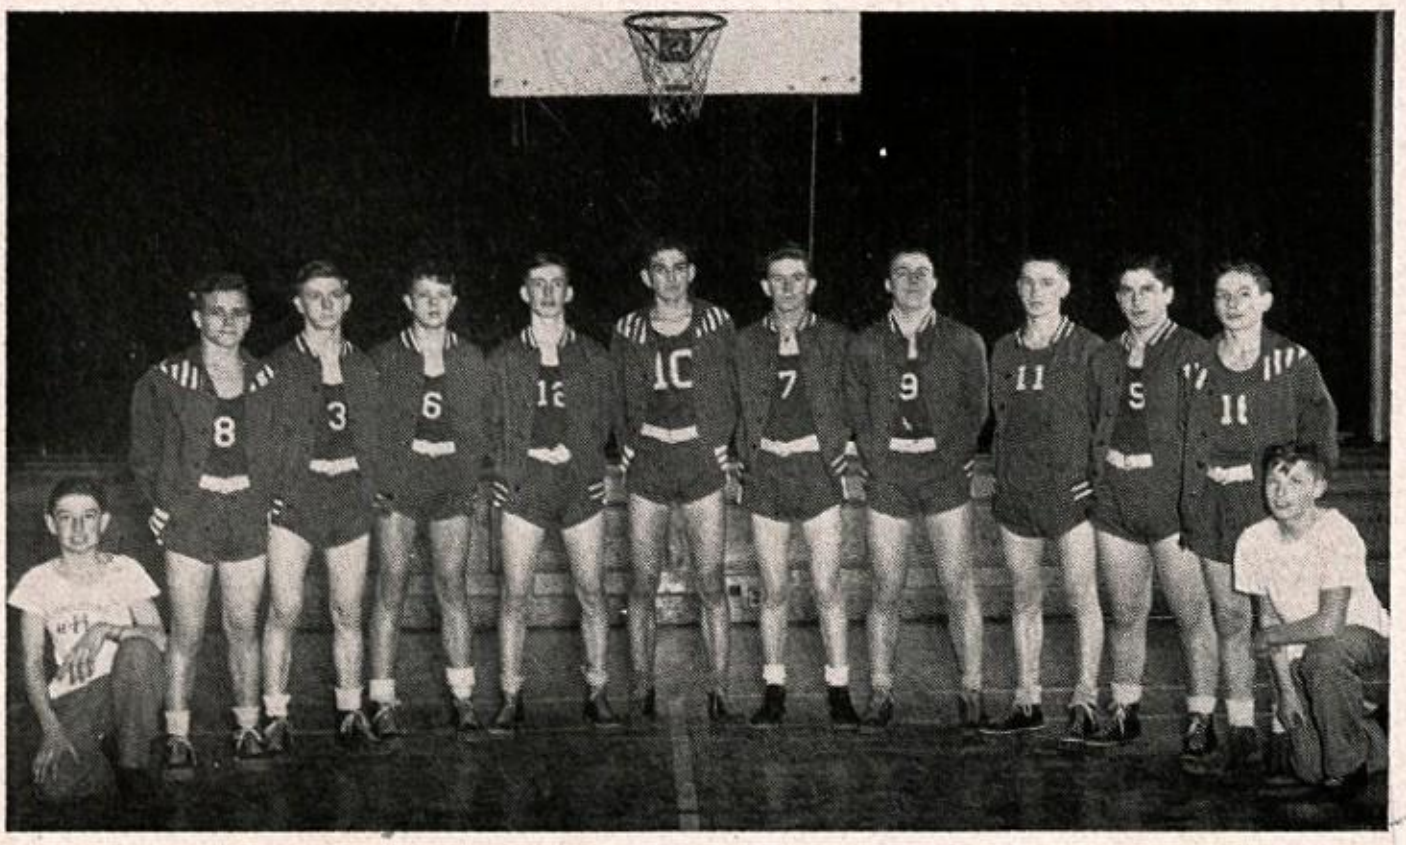
VARSITY BASKETBALL

Haverling's Varsity Basketball Team played a tough schedule of seventeen games. Twelve of them were against championship teams. At one time the statistics showed us to have the best defensive record in the county, and Si Cranmer was one of the top scorers for the league. Si was on the All-County Second Team and Mouse Wright received honorable mention.

Coach Young, Brundage, Cranmer, Ferris, Hancock, Wright, Harder, Andress, Lawrence, Miller, Clark, mgr.

JUNIOR VARSITY BASKETBALL



Ames, mgr.; Fritz, R. Warner, Allen, Trumble, Muller, Flanagan, Drake, Rohalla, Mancini, G. Warner, Francis, mgr. Absent, Coach Tucker.

The future varsity proved that the time will come when the other teams in the county will have to step lively to hold their own. The sharp shooting of Rohalla, the left-handed hook passes of Flanagan, the towering height of Muller, and the ball handling of Warner and Trumble all combined to produce a smooth-working unit. The team was much better than the scores actually showed, as they won seven games while losing ten.

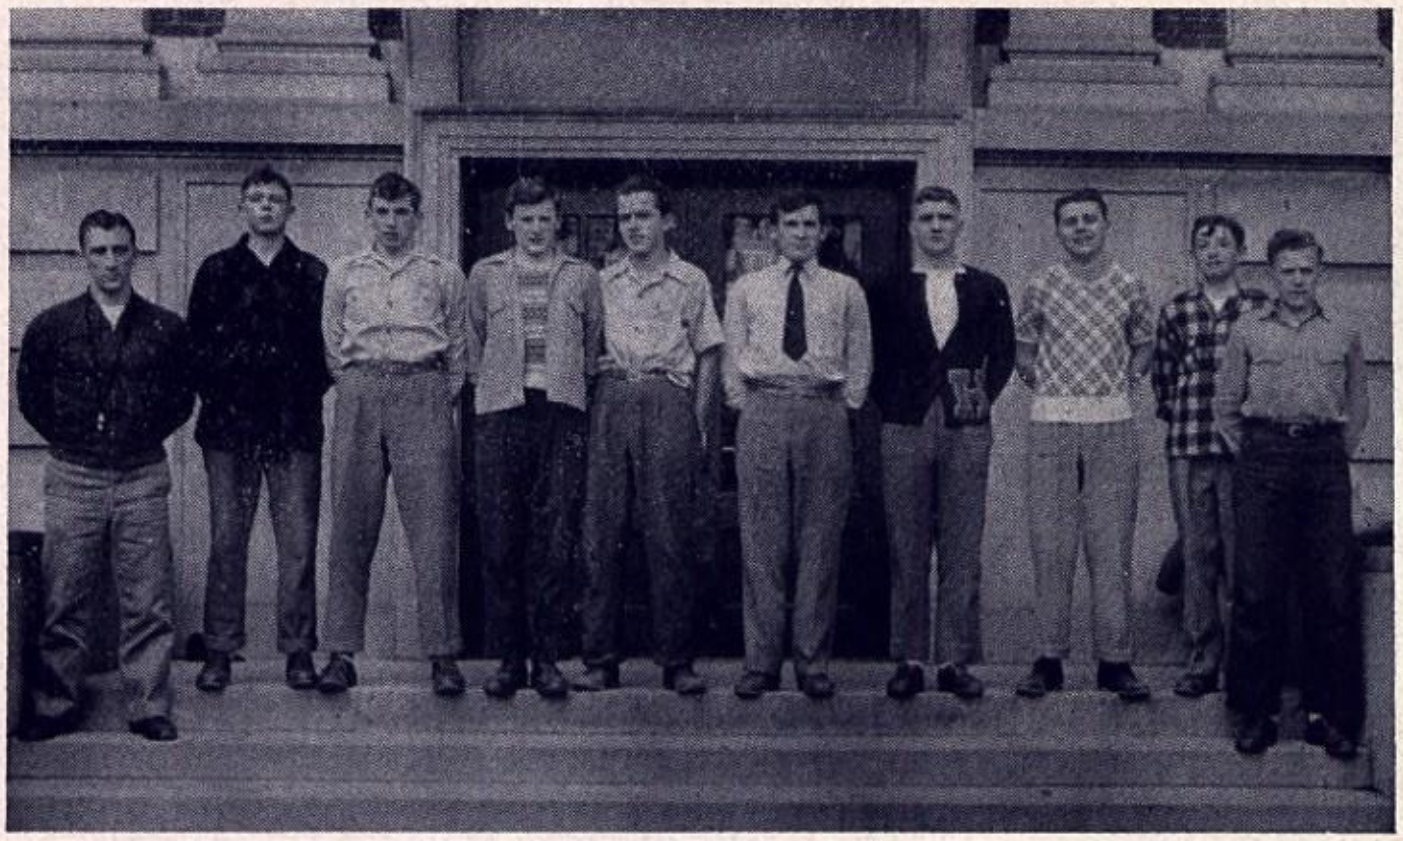
BASEBALL

First Row: Dickson, Castle, Cody, Hodges, Hill, Smith, Homer, Osborne, Phillips
Second Row: Hughes, Anderson, Bailey, Jann, Wilcox, Mason, Brownell, Williams, Andress
Third Row: Trumble, Ormsby, Harder, Cranmer, Drake, Flanagan, Fritz, Dolliver.
Fourth Row: Schoch, Warner, Lawrence, Kemple, Hancock, Hille, McDonnell, Mr. Lyon
Fifth Row: Bulkley, Jones, Andress, Wright, Mancini

• This year's Haverling nine should give a good account of themselves when they clash with their opponents for supremacy of the diamond. Sixty Haverling warriors answered the first call for candidates. Among them were many with previous experience including lettermen Lefty Kemple, Jack Lawrence, Hooker McDonnell, Si Cranmer, Dick Jones, Mouse Wright, Dick Warner, and Walt Ferris.

TRACK

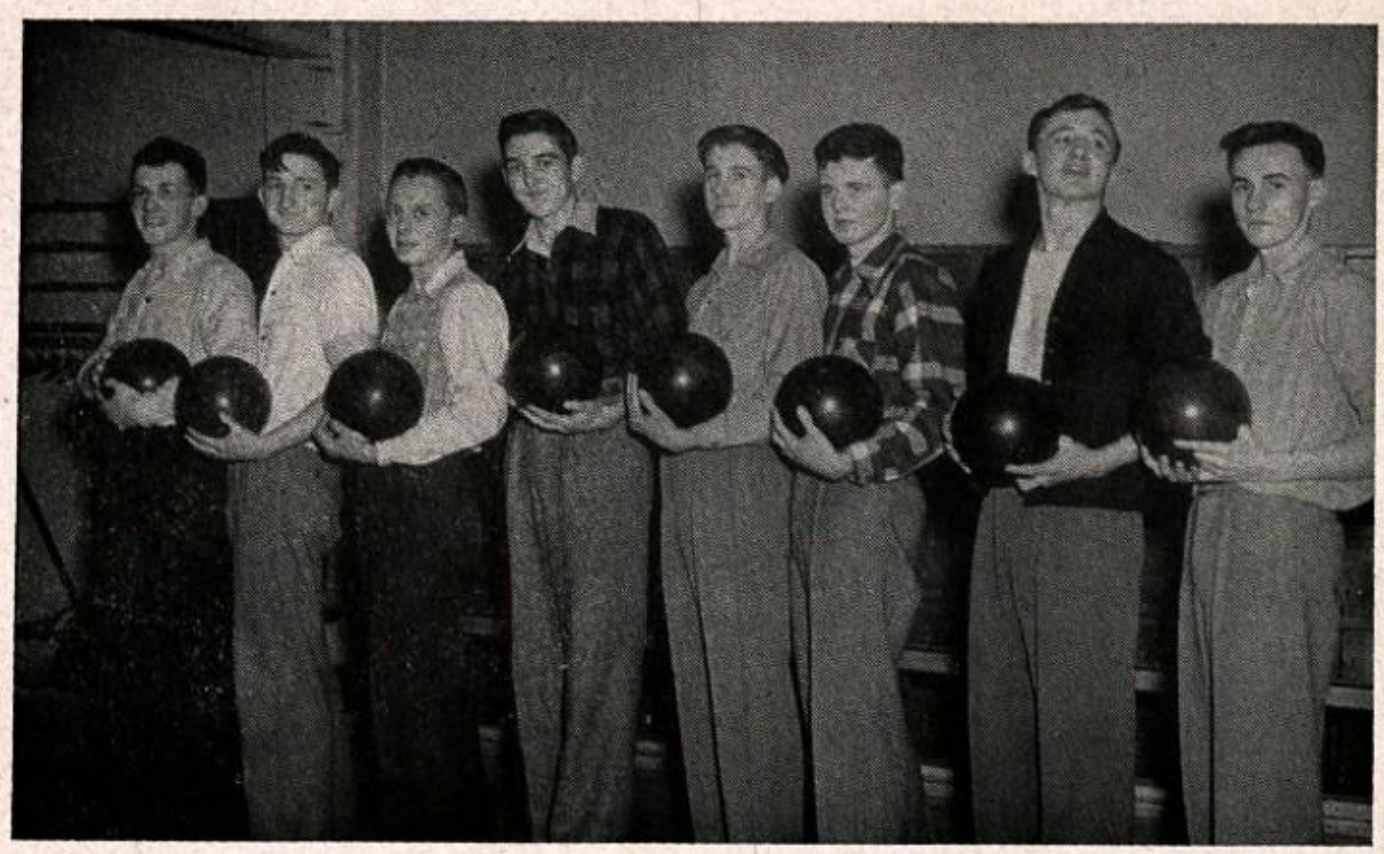
• The '47 track team will be built around the 1946 lettermen Miller and French. Both Neal and Don placed in the County Meet last year and went on to Rochester. There are several newcomers to the team who look as if they might develop into outstanding material. The new field (Coach says it will be one of the best in the state) will not be ready in time for this season.



Coach Young, Allen, Craig, French, Cheney, French, Palmer, Miller, Ames, Magee

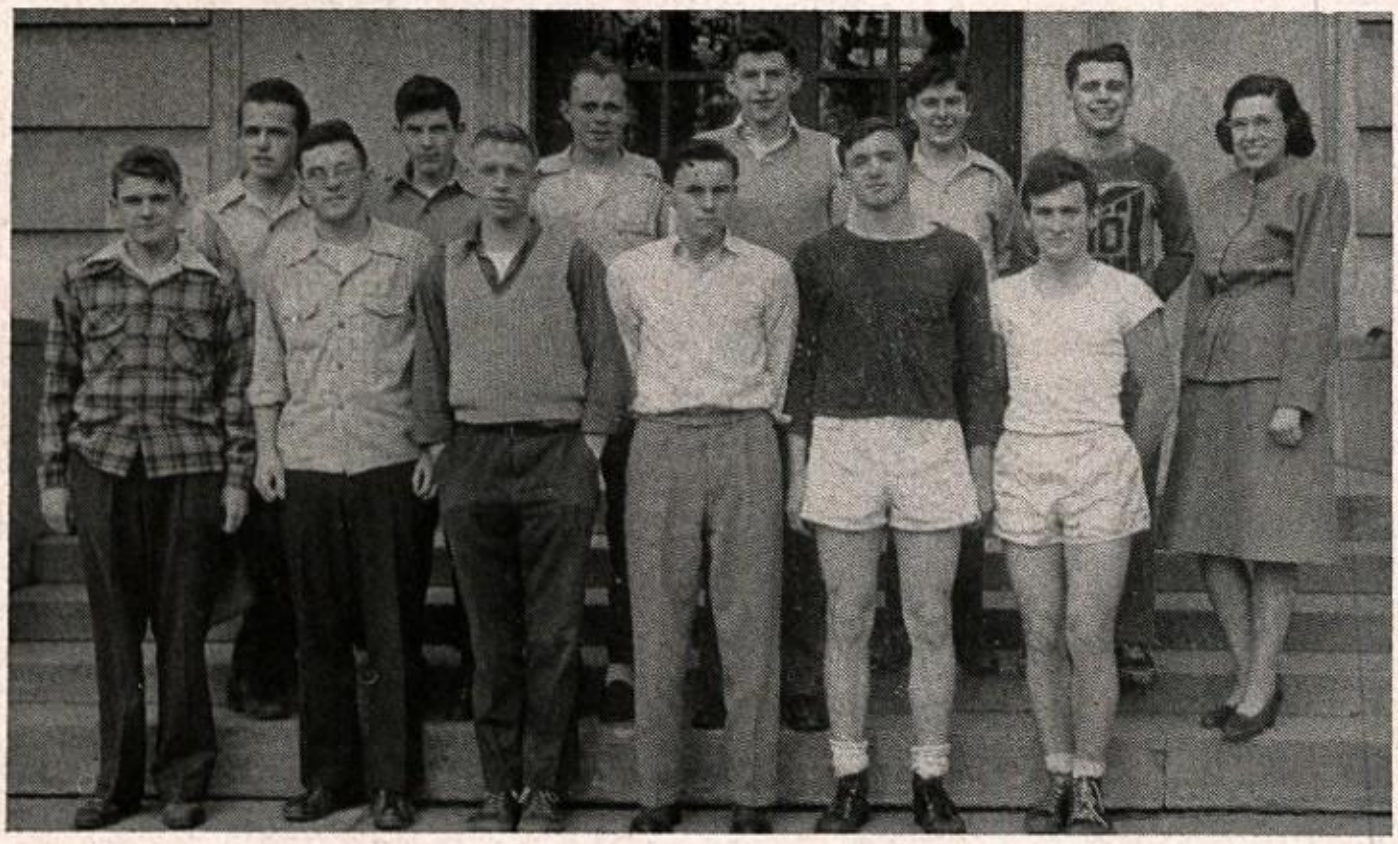
BOWLING

• On Wednesday, March 19th, the Haverling Keglers attempted to topple the maples with as much success as they had in the past few years. Jack Lawrence and Stan Dyer won medals by placing second in the doubles event. Dyer also won fourth place in the singles. The teams were made up as follows: five man — Kemple, Muller, Hancock, Harder, and McDonnell; doubles — Lawrence and Dyer; singles — Ferris.



Ferris, Harder, Lawrence, Muller, Dyer, McDonnell, Hancock, Kemple

TENNIS



First Row: Fox, Ferris, Cranmer, Kemple, Hancock, French
Second Row: Cheney, Bonsor, Lawrence, Jones, Harkness, Miller, Miss Stevens

• This year Haverling will have a tennis team for the first time in several seasons. Last year matches were scheduled, but it was impossible to play them because of a delay in the completion of the courts. This year, however, the courts are completed and the Haverling netmen will strive to equal the accomplishments of Doug Hamilton last year when he won the county singles title.
